New Year is a time of joy, celebrations and festivities. However, too many people get disappointed due to some factors. Therefore, here it is with the list of top 10 films that will make you happy and appreciate your life. 1. The Pursuit of Happyness Christopher Gardner has an MBA in finance yet he was fired from his job at the age of 35. And this experience turns into a driving force that catapults him into a life of success. In this movie, you will feel the journey of a father who simply wants to do something meaningful with his life. 2. The Pursuit of Happyness In 1995, Chris Gardner lost his job again and again until he finally finds himself in front of the adoption center for an African American child Kevin. Amazing story by Will Smith, this film will remind you that no matter how low or low your circumstances are how can you be optimistic about life's possibilities? 3. Ice Age: The Meltdown A sequel to Ice Age - the first movie, this movie is a comedy directed by Carlos Saldanha. Compared to the original series, this film is almost a musical as it also has cameos from the characters from the original film. In this sequel, Manny, Diego and Sid join scatman and Ellie from Ice Age as they must save themselves after they fall into ice that melts into "Meltdown". The journey begins with a trip across a frozen lake forming two glaciers. 4. The Bourne Identity, has Matt Damon in the lead role playing a poor it timerant who is found in the sea and rescued. Despite waking up with head injuries and nothing in his mind about his past and identity and in injuries and indentity and in injuries and indentity and in injuries and indentity and in the sea and identity and injuries and injur
